IMPORTANT

Tree locations for this map were not surveyed, are indicative only and do not consider tree health. All tree locations and related TPZs (as per AS 4970-2009) will need to be confirmed prior to final constraints analysis. Not all trees were located and measured for TPZ, only larger trees likely to have greatest impact on PLAYING FIELD constraints. Additional trees will need to be identified and surveyed for plans relating to any clubhouse and car park works.
